

GARBED IN SPACE-LIKE trappings, weary jet pilot C. Vito enjoys a welcome cigarette after bringing his crippled aircraft to a careful, dead-stick landing at Palm Springs Airport. The plane, a new Air Force craft presumed to be one of the "Century Series" ultra-sonic jets, gracefully glided to a perfect landing yesterday afternoon. The Edwards Air Force Base reported by radio that he had an engine flameout and was unable to re-

store power. Although the plane appears to have damaged its undercarriage, it is in its normal landing position. It has tandem wheels under the fuselage and, after landing, comes to rest on wing tip skids. Fire department trucks and police cars were rushed to the scene in anticipation of a possible crash. The pilot was returned to his base by an Air Force plane that landed a few minutes later. (Desert Sun Photo).

RAMER, Tenn. — One person was killed and eight were injured today when the Illinois Central passenger train, the Seminole, jumped the tracks at this town near the Mississippi - Tennessee border.

The train was north-bound from Florida to Chicago.

A broken rail was believed to have caused the accident which whipped the rear section of the passenger cars off the tracks.

The last six cars were derailed, three coaches, a diner and two Pullman cars.

One coach and the empty diner overturned in a ditch.

The dead man was identified as A. C. Whitt, acting flagman on the train, of Birmingham, Ala. He died shortly after arriving at Corinth, Miss., Community Hospital.

(See Map, Page 3A)

A questionnaire designed to secure information on the general economic structure of the city will be distributed to all Palm Springs residents by the City Planning Commission.

Rugged Trip Set Today to Return Bodies

San Bernardino county sheriffs and coroner's deputies began the trip up the rugged slopes of Mt. San Geronimo early today, to bring back the bodies of four persons who died in the crash of a private plane which was on its way from Palm Springs to Long Beach.

Two CAA pilots, Gordon Bechard, 36, of Rollings Hills, and Robert Larsen, 25, of Redondo Beach, flew in to Palm Springs airport at noon yesterday to report that they had found the crashed plane on the side of San Geronimo peak at about the 5,700 foot level. The wreckage was approximately 15 miles northeast of Morongo, and northwest of Desert Hot Springs.

The Tri-pacer, carrying Harold McClintock, 46, his wife Claire, 40, James Peterson, 22, and Kenneth Casey, 21, all of Long Beach, took off from Desert Air Park Saturday night about 4:45 to fly to Long Beach by way of Big Bear.

The search for the missing plane was started Sunday, and was called off Thursday night when the plane could not be found. Bechard and Larsen refused to give up the search, "because the McClintocks were good friends of ours and we were determined to find them."

A Marine helicopter was used to attempt to bring the bodies of the victims back, but the rugged terrain and gathering darkness forced them to give up for the night.

Russians Claim Power Invention

LONDON — The Russians claimed today they invented the device with which Britain and the United States have taken a major step toward harnessing the power of the H-bomb.

British scientists conceded some Soviet invention probably exists.

DEPUTY SHERIFF Don Gorman and Deputy Coroner Paul Drake, left, talk with Robert B. Larsen of Redondo Beach and Gordon Bechard of Rolling Hills about the sighting of the private plane which crashed into Mt. San Geronimo Saturday night, while on a flight from Palm Springs to Long Beach. These two men continued the search for the missing plane after a five day CAP search was called off Thursday night. Request by Patrick J. Healy for a trailer park in a W-2 zone located three-fourths of a mile south of Highway 111 and west of Date Palm Drive, Cathedral City area.

OTHER MATTERS listed on the planning agenda include a request from Jerry Sanborn regarding de-

Troops Guard Palace Against Vengeful Mobs

CARACAS, Venezuela. — Tanks and troops encircled the presidential palace here today, guarding it against possible attack by vengeful mobs swarming in the streets of this strife-torn capital.

An unusually heavy military guard took station outside the palace at 10 p.m. Friday. A government spokesman said the presidential residence was being protected against the looters and vandals who Friday sacked the private home of ousted ex-President Marcos Perez Jimenez.

The home of Gen. Luis F. Llovera Paez, who held high office under Perez, and a hotel and night club frequented by supporters of the ousted regime were wrecked or burned by the mobs.

KU KLUX KLAN PLANS SHOW OF STRENGTH TONIGHT

BURLINGTON, N. C. — The Ku Klux Klan intends to go ahead with a scheduled rally here tonight although state and local law enforcement officials expressed belief it had been cancelled.

The Rev. James W. Cole of Marion, S. C., Grand Wizard of the Carolinas Klan, said Friday night the rally would be held as scheduled and would be the "greatest show of strength in the history of the Klan."

Cole said the rally would be held four miles west of here on U. S. 70A. It was the first time the place of the rally had been definitely established.

Milk Price War Starts in Moline

MOLINE, Ill. — Retail milk prices tumbled today from the usual 41 cents a half-gallon to nine cents in the quad-city area of Rock Island, Moline and East Moline, Ill., and Davenport, Iowa.

A price cut by a grocery chain Wednesday apparently set off the price war. One store was reported to have offered a half-gallon of milk free with a \$5 order of groceries.

3 Jet Trainers Crash Into Sea

IWAKUNI, Japan, Sunday. — Three U. S. jet trainers crashed into the sea shortly after takeoff Saturday night from the Marine air facility here and all three pilots are presumed dead, an Air Force spokesman disclosed today.

Rescue attempts were started immediately after the crash, which occurred at 7:12 Japan time (2:12 a.m. p.s.t.).

Late News Bulletins

PALM BEACH, Fla. UP — Police reported today that Robert Young, chairman of the board of the New York Central Railroad, shot himself to death today at his fashionable home in Palm Beach.

WASHINGTON UP — President Eisenhower appealed today for a worldwide Atoms for Peace program so that scientists may be able to devote their skills to "the betterment of mankind—not to its destruction." The appeal was made in a special statement on current scientific progress.

Icy Storm Grows Out of Northeast

Midwest Also To Have More Snow Today

By UNITED PRESS

A storm center swirling northward along the Carolina coast early today, driving freezing rain and snow into New England and flinging snow and snow flurries as far west as Illinois.

The icy storm was the offspring of an upstart Northeaster that spawned a tornado across a section of Cochran, Ga., at mid-afternoon Friday, injuring 16 persons and leaving 150 to 200 homeless.

THE Icy northeaster, which blew up when a cold air mass moving along the Gulf Coast and hot humid air in the south clashed like a cymbal blast, claimed at least four lives in traffic accidents. Two persons were killed on icy roads in Kentucky and Mississippi and Illinois reported one fatality each.

The U. S. Weather Bureau said the storm center, in its northward climb, was expected to deposit rain and snow and sting New England with freezing rain.

INDIANA REPORTED a 2 to 5 inch snowfall by late Friday night and Ohio said 2 inches fell in the northeast with 1 to 3 inches forecast for the entire state by noon.

The northeaster dumped up to 5 inches of snow on western Tennessee and Kentucky and up to 4 inches in parts of Virginia, forcing many schools to shut down.

Snow was expected today in the Northern Plains, the Mississippi Valley, the Ohio Valley and upper Great Lakes.

President Goes To Pentagon on Reorganization

WASHINGTON — President Eisenhower went to the Pentagon today to take a personal hand in formulating plans for reorganization of the Defense Department.

White House Press Secretary James C. Hagerty disclosed shortly before noon that the President went to the Pentagon at 10 a. m. for a conference with Defense Secretary Neil H. McElroy. He said the two were "talking about defense reorganization."

Hagerty said the unscheduled and unusual presidential visit to the huge Defense Department headquarters across the Potomac River was in line with the President's State of the Union Message promise to take personal interest in the Defense Department shuffle.

Hagerty said it was the President's idea to go to the Pentagon instead of summoning McElroy to the White House. He was uncertain whether other officials joined Eisenhower and McElroy in their meeting.

## Witness for the Prosecution To Be Palm Springs Playhouse Production Jan. 28.

The highly dramatic "Witness for the Prosecution" by Agatha Christie is slated by producers-directors Michael and Marrian Ferrall for their Palm Springs Playhouse Jan. 28 through Feb. 2.

The Palm Springs Playhouse, under the sponsorship of the Palm Springs Playhouse Guild, opened its ninth season on Jan. 14.

THIS WILL BE the third Playhouse appearance for John Bonitz who was in both "The Reluctant Debutante" which opened the fourteen week season, and "The Pink Burro," the theater's first original presentation.

### Sahara Park

The pool at the Sahara Park was the setting for a fashion show, with approximately 300 residents and guests bringing basket lunches and enjoying coffee and tea served by the Sahara Ladies before the show.

Florence Clarke was the commentator and gave apt and interesting descriptions of the dresses displayed. Sportswear, lounging robes, afternoon and cocktail dresses were modeled by Norma Barker, Lillian Thatcher, Mildred Newman, Eileen Hair, Ilo Smith, Ida Stewart, Dorcas Johnston, Loretta Lital and Elizabeth Parkins.

TO TOP THE occasion with hilarity, a hula dance skit was presented by Bill Cole, Harriet Wright, Edna and Curt McGee, Floyd and Ruth Miller, Eileen Hair and Midge Miller.

With Midge Miller and her January committee of ladies in charge, the Monday afternoon luncheon and card parties have been very successful to date.

Approximately 50 ladies from Sahara joined others for the United Fund Benefit Luncheon and Card Party held at the Racquet Club recently.

MANY RESIDENTS have visited both here and elsewhere recently with relatives. Mr. and Mrs. J. W. Becher, of Green Bay, Wis., are visiting his brother and wife, Mr. and Mrs. Frank M. Becher. Mrs. Blanche Anunsen is enjoying a visit from her sister-in-law, Mrs. H. G. Carson of Victoria, B. C.; Mr. and Mrs. C. E. Runacres left this week to visit their daughter and family in New Orleans, La. for a month's visit, and Mrs. L. E. Perry of Yakima, Wash., is spending a few weeks with her friend, Mrs. Loretta Lital.

Mr. and Mrs. H. A. McLinden have recently returned from an extended trip to Minnesota, Hot Springs, Ark., and Florida where they visited their daughter and family. They are staying in their ranch home in Yucapa for a few weeks while Mr. and Mrs. Charles S. Tate are occupying their trailer and cabana here in Sahara.

Last Sunday the McLindens entertained Mr. and Mrs. Mike Miller, Mr. and Mrs. A. C. Ryee, Mr. and Mrs. Floyd Miller, Mr. and Mrs. Bill Veith of Sahara, and Mr. and Mrs. E. C. Waldsmith of Rancho with a turkey dinner.

THE SQUARE DANCE held Monday night was enjoyed by all who attended. Many visitors from other parks were also present and cake and coffee was served by the ladies of the park.

The Shuffleboard courts are busy and popular again after the holiday season. The weekly tournaments are on again. T. J. Sessions won the men's tournament this week. Marg Greiner won the ladies and Ray Clarke was the winner of the mixed tournament.

### DeLuxe Park

The chefs "De Luxe" for the barbecue held Tuesday were Clyde Jones, Fred Harnden, Dr. Melius, Art Chase, Vic Laursen, Eirc Ericson and Chuck Brisban.

Ethel Nelson, Becky Ericson and Gladys Jones made up the patties. The potatoes were prepared by Ruth Allen and her committee. Mrs. Hughes and her committee prepared the green vegetables; the buns were fixed by Bell Wilson; Maude Campbell and her committee made the salads, the butter cutters were Nona Ralph and Gladys Chase, and the ice cream committee was headed by Virginia Davis.

SIX PORTABLE barbecues were brought besides the grill belonging to the park, and Clarence Adams prepared the coffee. More than 180 attended.

These barbecues have been inspired by Lynuis Nelson in the past and have always been fun; this time, too, Lynuis meant to be the chairman for the project but as he said, the very able chairman was he disabled one and he passed on the chairmanship to Clyde Jones, another of the park's busy workers.

THE SQUARE DANCE Party held Thursday was fun for all who attended. The ladies in the park

donated the 24 cakes that were served. The cake committee consisted of Myrtle Hoffelder, Elvira Evans, Jessie Steel, Dell Ferris, Lilly Dudley, Lou Laursen, Eit Heacock, Amy Coster, Rita Nehl, Marjorie Powell, Mary Barnes, Jerry Koehler, Alice Powell, Pat Simon, Ruth Brisban, Jessie Adams, Gladys Jones, Jean Townsend, Becky Ericson and Jessie Harnden. Coffee also was served. The De Luxe Duplicate Bridge Tournament is away to a flying start. Charles Beck has consented to act as director. Beck has many years of experience as a duplicate tournament player. The first of the Inter-park play scheduled for the winter series will start Jan. 31 when a team of 16 players from De Luxe will meet a team of 16 players from Rancho.

Tuesday evening Mrs. Ing Hughes donated the prizes for the Progressive Bridge Party for pairs.

One of the ladies here in De Luxe, Mrs. Rita Nehl, was recently elected president of the St. Paul's of the Desert Episcopal Church Guild.

## Parking Survey To Evaluate Available Space

An extensive parking survey, designed to evaluate actual use of available space, was instituted in Palm Springs this week by the traffic division of the Department of Public Works. Traffic officials opened the survey with a count of all parked cars, tallied at 20-minute intervals, for one entire day in an area bounded by Ramon Road and El Alameda, and Belardo Road and Indian Avenue.

OFFICIALS EXPLAINED that by analyzing figures obtained in the survey, "we will be able to come up with some good answers as to what actual use available spaces are receiving."

The survey will also serve to indicate future needs by showing whether new spaces are needed or if it will be advisable to provide additional spaces.

A duplicate survey is underway today, running from 9 a.m. to 7 p.m.

OFFICIALS SAID the double count is necessary to "enable us to make a comparison of actual use of parking spaces on week-ends as opposed to week days."

By determining how much traffic various localities receive, the traffic division will be able to compute the approximate income from parking meters, thereby indicating how much money the city could afford to invest in off-street parking facilities.

THE SURVEY ALSO determines actual use of meters at their present locations and whether more should be added or the number of meters reduced at a given location.

Betty and Bill Streck have returned from their 6,000 mile trip through Memphis and St. Louis, where they visited their son, Col. Fletcher Streck, who is the deputy commander of the Bell Ville Hospital.

The Streckes and the M. J. Marks started out six weeks ago and report a very wonderful time, just missing all the bad weather, getting there just before it happened. Now that they are back, Betty Streck is beginning a sewing class on Monday mornings.

The Nutzmanns are very busy getting settled in their new 45-foot ten-wide trailer. Trying three different sizes lately. Mr. and Mrs. Nutzman are sure this will suit their tastes for quite a while. EARL WILSON:

## 'The Song Writers Who Split'

NEW YORK — My Beautiful Wife's always nagging me to write short stories and just to prove I can't, I'll spin you a true yarn about that great song-writing team which I'll call "Hal and George."

The story, right out of the Wilson Off-the-Record Notebook, is true. The names aren't.

"Hal, tell me exactly what broke up you and George?" I asked the lyric-writing member of the team the other day in Toots Shor's.

"We had a personality conflict," shrugged Hal. He ordered plain soda. He doesn't drink—any more.

"But you used to be such buddies and had such hits!" "Yeah, and so did Martin and Lewis." Hal looked down his nose when I offered him a cigaret.

"You see," explained Hal, "when we started, I was single. I only cared for booze and babes. Then one night George invited me to his Park Av. house for dinner."

"How wonderful it was! He had a lovely wife, dignified, tall, stately... two handsome sons. When his wife tinkled the little bell, the maid brought the soup. It was so nicely organized, I said to myself 'This guy's got it made.'"

"I thought, 'I gotta give up my crazy bachelor life on Broadway and get me a home and family. I did—I even live on Park Av. now."

"But George had come over to my West Side trap a few times. He saw all the young babes and the booze and the riot I was living in and he got indignant."

"At you?" I said. "At himself," Hal said. "He said to himself, 'This guy's got it made. I gotta get away from this strict family life and live it up like he does.'"

"So," said Hal, helplessly, "he got a divorce, gave his wife their fine house, took a big Broadway joint with plenty of room for the booze and the babes, and now he says he's got it made. He's living the life of Hal and he's happy."

"I still don't see why you broke up," I said.

"Goodness gracious!" exclaimed Hal. "How could there be any collaboration between two men with such conflicting philosophies of life?"

Moral: The grass-skirts are always greener on the other side of the avenue.

## Junior College Victory Due To Progressive Thinking

By the greatest majority of any major election in the history of Palm Springs and the Coachella Valley, voters have given their enthusiastic approval of the joint Desert Junior College District.

As a result of this splendid support by forward thinking people of the two Unified School Districts, the Desert Region is assured within the next several years of opening what should become one of the largest and finest Junior Colleges in the State of California.

Although it will probably require from two to four years to locate, build, equip and fully organize such an important institution of higher education, its future students, their families and residents generally can now make their plans to take advantage of the many fine features which will be available to them when it is placed in operation.

It is now estimated that the opening

enrollment will approximate 500 and that within the next decade the total number of students at Desert Junior College will approach 2,000.

Besides contributing its part in the national effort to better train our youth in the fields of science and other branches of special emphasis in this modern age, and in addition to providing such training conveniently near the homes of the students, the new Junior College will be a valuable factor in aiding the general economy of both the resort and rural areas of the large desert area it encompasses.

The 9 to 1 favorable vote by which the Desert Junior College District was created is a tremendous compliment to the progressive ideals of the thousands who have chosen to make their homes in this fast growing Desert Empire and positive proof of the even greater future which lies ahead.

## The Big Dish and Sauce

AFTERTHOUGHTS: Australia will soon be building the world's best radio telescope. This month or early February will see the arrival in Australia of Gilbert Roberts, senior partner of the London consultant engineering firm, Freeman Fox and Partners designers of a radio telescope so far unmatched on earth.

Work from the carefully prepared blueprint will begin almost immediately, this reporter was told by a cabinet minister. The Australian Commonwealth pays half the expense, with the other half paid by the Carnegie and Rockefeller Foundations.

AUSTRALIA LEADS the world in radio astronomy which is entirely a postwar science. False alarms of approaching planes during the Battle of Britain suggested that these waning "signals" were coming from the stars and sun. Research work was assigned to Australia's Commonwealth Scientific and Industrial Research Organization (CSIRO).

With this early jump, Australian scientists began probing the skies with radar and radio. Visiting the Radiophysics Laboratory on the campus of Sydney University, this reporter found no one willing to predict that radio astronomy would do anything immediately practical like lowering living costs or insuring peace, but the "big dish"—the new radio reflector—type telescope has the capability of making our earth and its problems look preposterously insignificant. For in-

stance:

1. THE AUSTRALIAN John Bolton, now with the California Institute of Technology at Pasadena, discovered thousands of so-called "radio stars" beyond our own solar system and galaxies. We may be on the verge of learning that our "universe" and its people are a mere community in the living cosmos.

2. By measuring the thermal wave-length of objects, radio astronomers, first in the USA and later in Sydney, were able to identify the hydrogen atom. It is invisible and is the raw material of stars and the H-bomb. The fact that the known universe is at least 30 per cent hydrogen and that we have been able to study it only since 1951 shows the probable extent of human ignorance concerning the world.

3. BY SENDING out "pips" to the moon and receiving the echoes by radar, we can make measures with astounding exactitude. This sort of interplanetary accuracy could be the beginning of communication, and certainly of navigation, to and from Outer Space.

4. By taking radio readings on the sun, we are able to obtain what a CSIRO spokesman tells me is "minute by minute" information of activities on the sun. There is no way to exaggerate the possibilities of solar research. The sun is the source of earthly existence. It is the determining factor in every phase of international, national and personal activity.

AUSTRALIA IS BY no means alone in radio astronomy. Every major country has a "dish" or two of some size. These reflectors are difficult to hide, and we have photographs of the Russian installations. They are not—so far as Australian scientists know—as impressive as those of the Western World.

The new radio telescope for Sydney is generally conceded as the "best" because of the high requirements built into it. The biggest scope up till now is 250 feet in diameter at Manchester, England.

ANOTHER AUSTRALIAN contribution to the Free World—and one of instant and immense value—is a series of inventions in the field of water conservation. The industrial chemist, W. W. Mansfield, has invented a water-covering film called hexadecanol which deters evaporation.

A combination of private-public capital has turned up a plastic sealing wax called visqueen which lays a water-tight seal around dams and reservoirs. Together these methods have added vast amounts of water to the supplies of this semi-arid country. In addition, the Australians now lead the world in rain-making which they are forced by climate and economics to take far more seriously than Americans do.

These are developments which could be more influential in the Middle East and North Africa than oil, Israel and the Eisenhower Doctrine rolled together.—Holmes Alexander.

Soon we'll be expanding our fund of knowledge. When they finish up that New Junior College.

Pardon me but I just couldn't resist that "knowledge" and "college" rhyme.

ANYWAY, today I have been given a big assist by Mr. Joseph G. Clapp of 1185 Linda Vista Road who has some sharp comments on the new Junior College for the Palm Springs-Coachella Valley area as result of that overwhelming favorable vote last Tuesday.

Mr. Clapp is concerned over the name to be given the new institution and offers some good suggestions when the school is organized.

NOT WISHING to be left at the post, he says, when the guessing contest gets under way in an effort to assist the Board of Trustees in selecting a name for the new college, he submits two of his own.

"Why not 'Cahuilla (Union) Junior College'?" he asks. "The name 'Cahuilla' I think is appropriate because it honors the memory of the Indian tribe which settled in this whole broad valley."

AND THAT NAME, he added, would lead to appropriate nicknames for its athletic teams.

"How about 'Chiefs' or 'Coyotes'?" The suggestion, 'Chiefs,' is obvious.

"The name 'Coyotes' is suggested by an article in a current periodical in which the author states that the Coyote Society was one of the largest groups of the Cahuilla tribe."

HIS OTHER suggestion for a name for the new school is 'Oasis (Union) Junior College.' And as to a nickname or its athletic teams, he said it could be 'burros.'

"An Oasis we have here for sure. And what animal was more important to man in this area in the not too distant past, than the burro?"

Mr. Clapp is apparently interested in athletics.

For he concluded his suggestions with the query: "How long do we wait before we organize the Junior College Booster Club?"

I THANK MR. CLAPP for getting me down this far in today's piece.

But I foresee just a bit of trouble ahead when we get that Junior College, Cahuilla or Oasis, CUJC or OUJC.

During the years we had to get along without a college, we have been calling the Junior Chamber of Commerce, Jaycee.

A Junior College is rightly called Jaycee and is in other spots where they have them. Something has got to give.

THE ANNOUNCED hike in automobile insurance rates this week is just another reason why traffic laws should be stricter and the crackdown on violators of the safety code more stringent.

For the careful, safe courteous driver is getting soaked for the misdeeds of the careless, unsafe, discourteous one.

A mystery to me is that why, just when you get through changing a typewriter ribbon, your eyes begin to itch.

And who wants to go around with a black eye?

## STAN DELAPLANE'S Postcard

We are in the Mexican highlands today, taking the waters. Ixtapan de la Sal is a fairly new resort, two hours drive from Mexico City. It has radioactive waters that cure everything.

"For instance?" I asked the waiter.

"More than aspirin. It is effective for gout and inflammation. Arthritis and melancholy. It cures the hangover." He lowered his voice. "The waters have great effect against age. As one grows old, it is necessary to barricade and take care of the future. You understand?"

"No."

"YOU ARE NOT old," said the waiter. "But you are no longer a child. The years pass swiftly. One must think of the familia, no? Why, Senor, old men come here. Tottering, barely alive."

"They go home like lions. The eyes sparkle. The face is flushed. They return next year with a new child in the family. It is a wonder of Ixtapan!"

I HAVE A SUNNY room in an elegant hotel. I think the water would make my eyes sparkle and my face flush—if I could get into it. The hot water is not running today.

Ixtapan is about 7,000 feet. I should judge. It is behind the volcano at Toluca where they make the best basket work in Mexico. The Indians here are Aztecs. And the Aztec emperors came here to get their faces flushed and their eyes sparkled. Por-ly also to cure their pulque hangovers.

The most interesting road is the one just south of Cuernavaca. You cut off from the Acaapulco-Mexico City highway. It runs through cobblestoned towns and great, green fields of sugar cane.

ALONG THE ROAD are old fortress-walled haciendas with the arms of great, proud families carved in pink cantera stone over the carriage gateways.

Most of them are in ruins. Some of them still show the smoke stains where Zapata's revolutionary cavalry fired them. When the Indians in white pajamas rode through Morelos with their crossed bandoliers full of

"IT IS BETTER for a man of your age. Too much catnip is bad for the kitten. But it energizes the old cat. So it is with the waters of Ixtapan. Not too much for the young man. For he would be like a bronco. But for one who has passed the peak—well, it slows down the descent. You understand?"

"I do," I said sadly. "Give me another glass of brake fluid."

## SHOPPING in the SUN

with Margie

Busy and exciting days are ahead for residents and visitors alike—so you are going to need to be armed with information about where to shop in order to be ready. Nowhere can you buy with such enthusiasm or be so sure of finding just what you want, lucky you.

First again — is WALTAN CLARK, this time with a pure silk Hawaiian Chemise. Wherever you wear it, you will love this dress from Honolulu. In spite of all the conversation about this style and its shapelessness, it may be true as it hangs on the hanger — but put it on and you'll see that the figure underneath shapes it in a most fascinating way.

THIS HAWAIIAN approach is fashioned of a hand-printed garden of flowers in high colors on a white background. It is completely lined with silk chiffon, sleeveless, and features a wide shoulder to hem tuck. Waltan Clark also has in black and white a chemise buttoned from top to bottom, easiest dress in the world to wear.

Also exclusively Hawaiian are the popular Muu Muus, all done up in gay colorful cottons. One style sidesteps the usual and becomes the Nautical Muu, complete with middie collar and tie. The men are not forgotten either — gay hand printed shirts are regular stock — and for the family are matching play and swimwear.

Women will also be glad to know that she does expert leg waxing. Proving that the Toni King salon offers you head to toe beauty service is Miss Lee. She is distinguished as "the" finest manicurist and pedicurist. Completing the staff is M. Liss, a color technician.

It is indeed unusual to find such a skilled staff in one shop to assure you of personal beauty. Better call today for your appointment — there's nothing more reassuring than to know that you look your very best, 1074 North Palm Canyon Drive.

WHETHER YOU ARE a busy housewife, clubwoman, or are involved in business, you need the many services offered by WORKMAN'S BUSINESS SERVICES. Gwen Workman is a public stenographer and bookkeeper, and incidentally "the girl with the red typewriter" which contrasts nicely with her blue eyes and pleasant efficient manner.

Before establishing her own business, she had 14 years of experience as a legal secretary, thus enabling her to offer you services including expert telephone dictation, legal and general secretarial services for business conferences, corporation minutes and legal briefs.

NOW, GWEN PROUDLY adds to this list with electronic stencil cutting and mimeographic reproduction that looks exactly like offset printing and it can be done in up to four colors. Locally there is a one day service — 4 days for out-of-towners.

This fine service is not available anywhere else locally — You will receive a prompt response day or night by calling FA 4-2367 or FA 4-1874 — your material will be picked up and delivered.

You'll find the red typewriter and the answer to any secretarial problem — right next door to The Desert Sun in the Center. (174 North Palm Canyon Drive)

### Fast Drawer Draws Too Fast

LA PORTE, Tex. (AP) — Barnis Wayne Short has decided he doesn't want to challenge TV's Hugh Downs' Lingo 'n' O'Brien to a fast draw contest after all.

Short is nursing a bullet wound in his foot he received while practicing his fast draw.

"FORGET ME NOT" says the tag on the flower Dr. James F. Potter is pinning on Mayor Jerry Sanborn, right. But this flower sentiment has a deeper meaning—it announces the annual Disabled American Veterans observance of "Forget Me Not Day" in Palm Springs, Feb. 1. The flowers are made by patients of Veterans Hospitals to raise funds for hospitalized veterans and their families. Members of the DAV assisted by their wives, will sell the traditional flowers throughout the Village area. (Desert Sun Photo).

## County Schools Supt. Ray Johnson to Seek Reelection

County Supt. of Schools Ray Johnson announced this week that he will seek reelection in the June primaries.

"When the time comes," he declared, "I'll wager a vigorous campaign. I will ask the voters of the county to examine the work that our office has done and I will tell them exactly where I stand on current educational issues."

DR. JOHNSON is completing his second four-year term as superintendent. In 1950 he defeated Louis Ridder — then assistant county superintendent — for the post; in 1954 he was unopposed on the ballot.

During his term in office he has represented Riverside County in several statewide education roles. He was the administrative in 1954-55, and recently was elected vice president of California Association of School Administrators, Section II. He is a director of the Southern California Industry - Education Council and a charter member of the Inland Science Fair Foundation.

He is 52 years of age and lives with his wife and three children at 4581 Granada Avenue, Riverside.

## Seven (7) Rules How To MAKE A "KILLING" Without Speculating!

(1) Select a stock that has declined at least 40% due to temporary external factors not under control of the Management—which may be good. (2) It must have shown resistance to further declines. The Relative Strength Curve must have turned up. (3) It must be generally "unpopular." (4) Its downside potential must be nil and the upside potential over 100%, when temporary unfavorable factors are removed. (5) It must yield a good, safe dividend despite unfavorable factors, so that it is NOT SPECULATIVE on its present worth. (6) You must have the courage to buy when the general market looks bad. (7) You must then have the patience to wait until all the above factors are reversed in order to sell at a good profit.

Send \$1 and we will recommend three stocks that fit all these rules. PLUS Relative Strength Charts of 35 different group-averages. PLUS 4 "model" accounts. PLUS the next 4 weekly airmail Market Letters and charts.

We give specific and separate advice to: (1) Conservative Investors; (2) Primary and Intermediate Traders; (3) Speculators. (ALL FOR ONLY \$1. MONEY BACK IF NOT SATISFIED!)

Dunning of England.

Dr. Smith has chosen for the theme of his morning Bible classes: "The Person of Jesus" and for the inspirational messages each evening at 7:45 will interpret the meaning of Jesus' Resurrection, His earthly life, His death, and His Lordship.

SUNDAY SCHOOL will be at the usual hour, 9:30 a.m., with Primary and Junior Church during the 11 o'clock service.

## 'Truth' to Be Science Lesson Sermon Sunday

Christian Science churches on Sunday will dwell on the nature of God as Truth, under the subject "Truth."

The Golden Text is from the 23rd Chapter of Isaiah (25:1) where the prophet praises the power of God's truth and says, "O Lord, thou art my God; I will exalt thee, I will praise thy name; for thou hast done wonderful things; thy counsels of old are faithfulness and truth."

Mary Baker Eddy declares in a correlative statement from "Science and Health with Key to the Scriptures," "Prayer cannot change the unalterable Truth, nor can prayer alone give us an understanding of Truth; but prayer, coupled with a fervent habitual desire to know and do the will of God, will bring us into all Truth" (p. 11).

More than 200 steamship lines maintain offices in San Francisco.

## 'Philosophy of Christian Science' to Be Sermon Topic

Concluding the traditional January series of subjects in the general theme of "Religious Science—A Way of Life," the Rev. Lillian Caldwell will speak this week on the specific phase entitled "How You Can Use the Philosophy of Religious Science."

The Palm Springs Church holds services in El Paseo Theatre at 11 o'clock, with a quarter-hour of Meditation preceding the Worship Period.

IN THIS WEEK'S discussion, Rev. Caldwell will establish her theme upon the idea that in any scientific approach, the theory must be proved before it is acceptable. As in Chemistry, mathematics, or any of the physical fields, the fact that some persons have proven and tested to completion the theories of that science does not imply that every person has experienced the result.

Most are able to accept the findings of such scientists—to accept them on faith. Few are able to describe in detail or, better still, to produce a radio receiving set. Nevertheless, radios

## PUC Reopens Calectric Rate Raise Hearing

The California Public Utilities Commission today set aside the submission and reopened for further hearing the application of the California Electric Power Company to increase its rates by some \$2,000,000 a year.

The action was taken at the request of Claude L. Welch of Ridgecrest, representing the Inyo-Kern Chamber of Commerce, which protested the proposed increase. The Commission also said it wants additional testimony on rate zoning classification for the Mill Creek Canyon Park area near Mentone, San Bernardino County.

WELCH, IN LETTERS to the Commission, wrote he wanted an opportunity to cross-examine company witnesses. The further hearing will be held before Examiner Manley W. Edwards on Feb. 4 at 2 p.m. in the San Bernardino City Hall when all interested parties will be heard.

Four days of public hearings on the application were held in San Bernardino in September and October and one day in Inyo-Kern last Oct. 23, after which the hearings were adjourned to San Francisco where the application was taken under submission.

ACCORDING TO THE company the proposed increase, if authorized, would raise the average electric bill by about 33 cents a month and is needed to offset higher operating costs.

The utility, which also provides electric power in Nevada and Arizona, serves some 90,000 California customers in Inyo, Kern, Mono, Riverside, San Bernardino and Imperial Counties.

## Preview Opening at Valley of the Sun Estates to Feature Furnished Model Home

Popular desert decorator Vee Nisley of Vee Nisley and Associates, Rancho Mirage, will be on hand at the special preview showing of new Valley of the Sun Estates this week when the "desert contemporary" model home will be open to the public.

A motif of desert living was the theme of the decor both in colors and in fabrics, Miss Nisley pointed out, with the very newest in materials and hues incorporated in the large, three bedroom furnished model home.

LOCATED ADJACENT to the Tamarisk Club, the Valley of the Sun Estates have been planned to bring the desert area the newest and finest in luxury, year-round living, the builder, George M. Holstein and Sons, pointed out.

The furnished model home in its shades of sapphire blue, turquoise and leaf green and its careful choice of decor and fabrics, will illustrate the carefree living that has been incorporated in each Valley of the Sun Estate.

The textile industry has more than \$610 million invested in South Carolina.

the builder declared.

THE VALLEY OF the Sun homes include over 1,650 square feet of living area plus a large two-car carport, laundry area and abundant storage room. Each home in the 107-lot development is situated on a large 100 by 100-foot lot with a big, completely heated pool included in the price of every home.

Other features of the homes are the complete built-in, color-matched all-gas kitchens, full refrigeration, fireplace, and insulation, all blended by Palmer and Krisel, two

of America's premier fine home designers.

The Valley of the Sun home can best be reached by going out Highway 111 (from either Palm Springs or Rancho Mirage areas) to the Tamarisk Country Club turn-off, then following the Valley of the Sun signs to the model homes.

Reservations are now being taken at the site along with immediate occupancy on several of the homes, the builders explained. Miss Nisley will be at the model home all day Sunday to answer questions about the homes and the decor.

NEW YORK — Bob Cousy of the Boston Celtics is the biggest joker in the pro basketball deck. He also is a practical joker without peer.

Togo Palazzi, a former Celtic player with Syracuse, can attest to that. For when Palazzi was with Boston, Cousy took a special delight in "needling" the naive Togo.

LIKE THE TIME Cousy planned a party to which Togo didn't know that Bob Brannin, former "hatchet man" of the Celtics, also was invited. Brannin, a rough 250-pounder, had a fearsome reputation around the league as a bone-crusher.

That afternoon, Cousy invited Togo to the Cousy manse for a chat and had a tape recorder microphone hidden in a bowl of flowers. Togo, under the adroit Cousy needle, proceeded to explain how he personally would have handled Brannin.

"Brannin's a stiff," quoth Togo grandly. "I'd handle him. I'd crush him. He's nothing. I don't know where he gets this reputation."

Togo went on from there, in great detail.

THAT NIGHT, when Brannin appeared at the party, Togo paled slightly but, unconscious that his earlier remarks were on tape, sat easily beside Brannin exchanging pleasantries.

On the pretext that he was going to play some recorded music, Cousy plugged in the recording machine. A deep silence settled over the party as Togo's unmistakable voice boomed through the room.

"Brannin's a stiff. I'd handle him. I'd crush him. He's nothing. I don't know where he gets this reputation."

And more.

Togo turned all shades of the rainbow. Brannin began to get an ever more violent shade of red.

COUSY ALMOST exploded laughing — coming out of it barely in time to prevent mayhem.

These kind of gags are standard with the six-foot, one-inch magician of the boards who had a reputation as a fancy dan when he got out of Holy Cross. Boston by-passed him but got "stuck" with him when he teams drew lots for players on the roster of the folded Chicago club.

A tennis athlete who plays golf and tennis in championship style, the hawk-faced Cousy is the greatest all-around player in pro basketball. He does everything skillfully. And he does it with a smile. There's one thing which provoked the flashy Frenchman to tears, however.

Bob's parents came from France just before he was born. Last summer, in France on a State Department tour, for the first time he met his elder sister. Bob broke down when they greeted each other.

But most of the time he's breaking up other teams—and people.

## Howard Winner in Pro-Am

Jimmy Demaret, three-time winner of Thunderbird Invitational tournaments, and Ken Venturi, who turned pro only a short time ago, were deadlocked this morning in the seventh annual event with scores of 133. Demaret won in 1953, 1956 and 1957.

Topping the day's play for local fans, however, was the victory of George Howard, O'Donnell Country Club pro, in the Pro-Member event which came to a close yesterday after 36 holes.

HOWARD AND HIS partners—three Thunderbird Club members, Fred Whitman, San Francisco; Phil Taber, Tulsa, Okla.; and Earle Buckingham, Rapid City, S. D.—fashioned a best ball 111 to take top prize.

Jimmy Demaret's team was second with 114, while Jimmy Hines, another local pro, and his team was tied with Ken Venturi's team for third.

VENTURI, a San Franciscan who believes in constant practice and who entered the pro field just 13 months ago, had a torrid eight-under-par 63 Friday to come up with a 133 total for 36 holes.

Demaret, defending champion and three-time winner of this tourney, has played exactly one round of golf in two months. He fired a very fine 65 Friday for the same total.

THE TWO HAVE a first-stroke lead over the field with two-round leader Dave Marr, Rumson, N. J., and up-and-coming Paul Harney, Worcester, Mass., each with a 135 score.

The amateurs drop out of it today and the pros go it alone to complete the 72-hole tournament for the \$15,000 pot.

AFTER 18 HOLES today, the concluding 18 will be played tomorrow.

A large gallery of fans followed the golfers and the top celebrities in the entertainment world around the Thunderbird Country Club course yesterday and another large gallery was present today.

Palm Springs High School Varsity moved into a third place tie in the Riverside County League last night at the expense of Hemet but the Bees dropped back as the Hemet Cubs gained revenge for the beating Palm Springs Poonoses gave them in the Hemet Bee tournament in December.

The Varsity won 47 to 41 while the Bees lost, 36 to 41.

The win tied the Varsity with Elsinore at 3-2, two games out of first place.

BOBBY JACKSON was hot last night at Hemet and swished 18 points through the netting. He paced the Braves to a 14-8 lead in the first period and the local lads stayed ahead throughout the game which was torrid at times.

The Bulldogs of Hemet whittled the lead down to one point at half time which ended with the Indians ahead 22-21.

JOHN IVEY, back in the Brave line-up scored 10 points.

In the Bee game Bill Ivey scored 14 points, high for his team and high for the game.

Next Tuesday night, Palm Springs goes to Coachella, currently leading the RCL with an unblemished 5-0 record.

The two days of the \$15,000 Pro-Member Tournament at Thunderbird Country Club, the big galleries following the nation's top professional and most popular motion picture and TV stars, the tournament's growth year by year, cause old timers at Thunderbird to look back over the years.

It was six years ago that the first Tournament was played — in 1952 — and Jim Ferrier won top money from the \$5,300 purse. The golfers played 36-holes in two days.

IN 1953 the Tournament became a three day, a 54-hole event and the purse was increased to \$10,000. Texas Pro Jimmy Demaret won first prize. Ben Hogan was in second place and was deadlocked with national PGA champion Jim Turnesa, and Lloyd Mangrum. Dr. Cary Middlecoff was in fifth place.

## Elliott Becomes 18th to Run Mile Under 4 Minutes

MELBOURNE, Australia — Herb Elliott, 19, today became the fourth Australian and the 18th athlete in the world to better four minutes in the mile when he won the event in 3:59.9 during a meet on the Olympic Park cinder track.

Elliott won easily as Ron Clarke, who carried the Olympic torch into Melbourne Stadium for the opening of the 1956 games, finished second in 4:08.1.

Elliott was timed in 3:02 for three-quarters of a mile. Geoff Fleming, the early leader, did the first quarter in 56 seconds and the half-mile in 2:02.

Fleming fell out at that point and Elliott took charge of the race.

Elliott's best previous mile was a 4:04.0 effort last March.

"Today's race was something experimental," Elliott said after joining John Landy, Jim Bailey and Mervyn Lincoln in Australia's select group of four-minute milers.

"It was my first mile race for about ten months and I've been in something of a rush preparing for it," Elliott said. "After all, it's only been six weeks since I resumed training after my foot injury."

## El Dorado Hosts Pro-Am Monday

Palm Springs area's newest golf course—El Dorado Country Club at Palm Desert—will be inaugurated Monday when the club stages its first tournament Monday, a \$5,000 Pro-Member event slated to go 18 holes.

Practically all of the nation's leading pros, name entertainers of screen and TV will compete along with members of the club over the verdant fairways and smooth greens of the new course.

The pros, who share in the prize money, and the amateurs who will win prizes for their play, tee off at around 8 a.m., Monday morning.

R. P. McCulloch, instrumental in the staging of the first tournament and responsible for the event, was highly enthusiastic over the program.

GALLERY FEES for the event are \$2 per person. William Daugherty, El Dorado manager, has completed preparations to entertain a large throng of desert residents and winter visitors expected to view the top pros and amateurs in action over the lush course.

In the inaugural tournament for the new course, most of the professionals who are touring the winter circuit in California will move over from Thunderbird where they are now playing, to compete the week-long tournaments on the local courses—Indian Wells, Thunderbird and El Dorado.

EL DORADO is set in a sheltering bay in the mountains and the lay-out takes advantage of the terrain to provide a sporty, challenging course for the golfers.

A large gallery is expected not only to watch the top pros in action but to see the new course.

## 14 Major Loop Clubs Seeking St. Louis Youth

ST. LOUIS — Competitive bidding for the services of Dave Nicholson, an 18-year-old outfielder, was expected to reach its peak today and Sunday.

The St. Louis Cardinals Friday withdrew their bid for the home town youth when things got too rich for their blood. A Cardinal spokesman said they placed a \$50,000 limitation on Nicholson and it was known that the Chicago White Sox were willing to pay at least \$100,000.

Nicholson became eligible for negotiations Wednesday when his class graduated from high school, and every major league team except Detroit beat a path to his door to buy the player.

WASHINGTON — Young Ernie Sonny Boy Williams, the bundle of hobnob and weaving fury who threatened a major upset against lightweight champion Joe Brown until stopped by a cut eye, today challenged Brown to a title fight.

All three ring officials had Sonny Boy ahead in the TV fight at the New Capital Arena Friday night when he lost on a technical knockout in the fifth round because of an eight-stitch cut, high on his upper left eyelid.

## First Opportunity For Skiers Nearing

LOS ANGELES — Southern California skiers may get their first opportunity of the year to participate in the sport this week end if present weather conditions prevail.

By midnight Friday, three inches of snow had fallen on Mount Baldy with the snow level at 6,500 feet.

## Three Major Deals Talked In N.Y. Today

NEW YORK — Talk about at least three major player deals said to be near completion overshadowed the actual business on the schedule today when the major leagues opened separate meetings.

New General Manager Frank Lane of the Cleveland Indians, President Horace Stoneham of the San Francisco Giants, and Roy Hamer, general manager of the Philadelphia Phillies, shaped up as the key men in the deals that were boiling on the front of baseball's hot stove.

STONEHAM reported he was very near announcement of a trade but was holding off until he found out if he could get better terms from a third team.

Hamer was reported anxious to land a first baseman and the Cincinnati Redlegs, with three on their roster, were seen as the most likely source.

Gab about these and other possible swaps was making some of the baseball men present almost forget about the items on the agenda for the separate meetings of the American and National Leagues this morning and night meeting later in the day.

ON THE ACTUAL agenda, proposals about territory and bonuses were expected to get the most attention.

Regarding territory, a special four-man committee of the majors has drawn up a new rule for future franchises and adoption is expected. It would limit the location of two major league teams in one city to cities with a population of two million or more and in these cases would bar teams in a two-team city from having parks within five miles of each other.

The upshot of this rule would be to leave the Brooklyn-Queens area of New York City open for another big league team, a point in favor of the National League, while at the same time leaving the way open for the American League to put a team in Los Angeles.

## Bishop Bloy to Administer Confirmation Rites Sunday

The Rt. Rev. F. Eric Bloy, Bishop of the Diocese of Los Angeles, will administer the rite of Confirmation at the 11 a.m. service of St. Paul's in the Desert Church tomorrow, Jan. 26, and will preach the sermon, as is the custom of the Episcopal Church.

The rite of Confirmation is the method whereby Christians can specifically identify themselves as full communicants of the Episcopal Church, and must be administered by a Bishop. The prayer is that they may receive added strength to live up to their full intentions as followers of Christ.

THIS YEAR MARKS the 10th anniversary of the consecration of Bishop Bloy as the chief pastor of the Episcopal Church in Southern California. The Bishop formerly was Dean of St. Paul's Cathedral in Los Angeles, and served for a number of years before that as rector of St. James' Church in La Jolla.

In two weeks he will preside over the annual convention of the Diocese of Los Angeles, at which approximately 300 clergy and lay delegates from the Southland will be in attendance.

THE REV. WILLIAM A. Blondon, Jr., Rector of St. Paul's, will present the candidates for Confirmation. An informal reception honoring Bishop Bloy and the newly confirmed communicants will follow immediately in the parish hall.

RT. REV. F. ERIC BLOY

Visitors and guests are invited to attend both the service and the reception, joining with the parish in welcoming these new members to the Episcopal Church. Adults and young people have been preparing for the ceremony since early November, attending weekly instruction classes conducted by the Rector.

Other regular Sunday services will be held as usual, the simple celebration of the Holy Communion at 8 a.m., Family Service and Church School, and with classes for all ages, nursery to adults, at 9:15 a.m.

## Prairie Schooner

Mr. and Mrs. Edgar Pollock of Pomona, originally from Cedar

Rapids, Iowa, have recently moved to Prairie Schooner. Tracy and Ida Condon also found

time recently to spend a whole week in their trailer home here. The Condons have enjoyed many weekends but try to spend more time whenever they can.

Bobbe and Ab Abshire have taken a short business trip to Twenty-nine Palms but are expected to return in the near future.

Dr. and Mrs. St. John and Mr. and Mrs. Leonard Roth of Los Angeles left Wednesday to join the Wally Byam Caravan. This makes the sixth trip the St. Johns have made with the Wally Byam group. This time they plan to travel the Pan American Highway through Mexico to Costa Rica.

Mr. and Mrs. H. M. Stanley entertained Dr. and Mrs. Dillon of Chesapeake, Ohio. The doctor is a brother of Mrs. Stanley.

Mrs. O. B. Tulley also entertained recently. She held a luncheon Friday for approximately 20 lady friends who had motored here from Colton. The ladies were friends from Mrs. Tulley's former church circle.

Jan Barnett entertained guests, Mr. and Mrs. Perry of the Desert Hills Park.

Many attended the Monday Coffee Hour which was enjoyed by all present. Mary Parkman was the official hostess for the occasion.

Tuesday night an excellent time was had by a large number of the residents here at Prairie Schooner. Seven tables of card players enjoyed a variety of games including bridge, canasta and pinocle. Mrs. Bettendorf was the hostess of the evening.

The Friday Coffee Hour was special, as it was also the birthday of Mrs. Selma Grover. Mrs. Grover had received a bouquet of lavender chrysanthemums from her daughter and son-in-law, Mr. and Mrs. Lewis Denton of Kimberly which she shared with her friends by using them as a table decoration. Mr. and Mrs. John Keeling also were special guests of the evening.

Friends of Gerald H. Graham will be happy to know he is improving at the Loma Linda Hospital. Mina, his wife, says in about three weeks he will be able to return to Prairie Schooner, but in the meantime, would enjoy hearing from his many shuffleboard and mobile home friends.

**TWO CHAMPS.** Opera Star Lily Pons and former boxing great Jack Dempsey, share an amusing interlude at Dempsey and Dave Margolis' Howard Manor. Miss Pons, looking more lovely than ever in her new blonde tresses, attended the desert spa's new funfest, Sunday Cocktail Dancing (from 3 to 6 p.m.) in the Manor Room. Featured at this event are the music and piano artistry of

Murray Arnold and the dance rhythms of his own trio. Arthur Murray dance experts Bishop and Joyce King give dance exhibitions and free cha cha lessons. Every Tuesday at 10 p.m. the same pair are stars of the Arthur Murray Champagne Hour, which is highlighted by dance exhibitions and dance contests for bottles of champagne and other prizes.
